WHEREAS, under the terms of the Improvement Agreement dated July 22, 1994, for Lodi West, Unit No. 2, in addition to the standard items, the developer agreed to provide engineered plans and install an off-site public water main south and east of the Lodi West, Unit No. 2 development in the future alignments of Elderica Way and Paradise Drive to Lower Sacramento Road if projects which include this construction are not under construction or bonded prior to acceptance of Lodi West, Unit No. 2. This provision was necessary in order to provide adequate fire flows for the Unit No. 2 development; and

WHEREAS, the developer has requested that the public improvements for Lodi West, Unit No. 2 be accepted prior to the installation of the off-site water main and has signed an Addendum to the Improvement Agreement which sets forth the conditions under which the improvements can be accepted prior to installation of the water main; and

WHEREAS, among those conditions is a provision that no building permits for lots in the Lodi West, Unit No. 2 development shall be issued until the off-site water main is installed and accepted by the City to ensure adequate fire protection for structures within the development; and

WHEREAS, the developer has paid the necessary engineering plan check, inspection and document preparation fees associated with the off-site water main installation; and

WHEREAS, staff recommends that Council approve the Addendum to the Improvement Agreement and allow acceptance of the public improvements for Lodi West, Unit No. 2 prior to installation of the off-site water main.

The City Council of the City of Lodi finds:
